

Dear Parents and Families of Smithfield Elementary School,

It is my honor to introduce myself as the Smithfield Elementary School Principal. Since 1995, I have served the East Stroudsburg Area School District community through various teaching and administrative roles including classroom teacher, intervention support teacher, district literacy coach, dean of students, assistant principal, and now principal. I am very excited to return “home” and be part of the Smithfield Elementary family once again.

Our goal at Smithfield Elementary School is to develop within students a strong foundation of skills, a desire to learn, and the self-confidence needed for continued success throughout school and life. I truly look forward to working together as a team to create the best learning experience possible for all of our children.

Sincerely,

Mrs. Kristin L. Lord  
Principal - Smithfield Elementary School
