Choose The Plan That Suits Your Need

Interscholastic Sports Coverage:

This plan covers all interscholastic athletic competitions which are officially authorized, sanctioned and scheduled by the participating school and governed by the rules and regulations of the appropriate state high school athletic/activities association, or related governing body. Also included are pre-competition activities and practice sessions which are authorized and supervised by the participating school. Your school has the choice to include or not include interscholastic football. Student Coverage:

This plan covers intramural sports, physical education classes, regular school sessions, on and off campus group activities that are school sponsored and supervised, and travel directly to and from these activities. With this plan, your school can help protect its students participating in school sponsored and supervised activities other than interscholastic athletic competitions from the high cost of catastrophic injuries.
