Dear Parents;

Protecting the health and welfare of your children is a concern that we all share and the East Stroudsburg Area School District is offering you an opportunity to purchase Voluntary Student Accident Insurance. Student accident insurance helps ease those concerns by providing benefits for injuries that occur during school hours and/or school sponsored and supervised activities (i.e. gym classes, playgrounds, field trips, etc.) Purchasing student accident insurance serves to reduce or completely eliminate any out of pocket expenses not paid by your primary coverage including co-pays, deductibles, coinsurance, etc. and will pay on a primary basis in the absence of other insurance.

You have the option of purchasing “school time” insurance which covers school sponsored and supervised activities during the regular school year, summer school, and travel to and from school and school activities or “24-Hour” coverage which includes any activities both school and non-school related 24 hours a day until the start of the next school year.

If you would like to purchase a voluntary student accident policy, please go to the District website. Under the “For Parents” tab click on Student Voluntary Accident Insurance. There you will find a Student Voluntary Accident Insurance Brochure. The website for enrolling or printing an enrollment form is included in the brochure.

Have a happy and safe school year!
